## Enabling Young Refugee Entrepreneurs programme

Over the last three months, the primary focus of the Enabling Young Refugee Entrepreneurs programme has been the development of one of the key resources for the programme - the newly available Practice Guide:

### *Enabling Entrepreneurship for Young Refugees - a Practice Guide for Youth-Serving Entrepreneurship Organisations*

Today we're sharing details about:

- Which organisations will find it useful
- Who can use it
- How it was created
- What it contains
- How you can download it

### What type of organisations will find the Practice Guide useful?

- Youth-serving entrepreneurship organisations preparing to engage in outreach with young refugees and newcomers from migrant and minority backgrounds.

### Who will use the Practice Guide?

- Educators and youth workers in youth-serving entrepreneurship organisations will benefit from the guide's "train-the-trainer" approach.

### What does the Guide contain?

- 22 best practice approaches to reach, teach and tailor entrepreneurship programmes for refugees and newcomers, and make learning environments more inclusive.

The best practice tips are split across three sections:

1. Enabling Entrepreneurship for Young Refugees
2. Reach and Teach Entrepreneurship to Young Refugees and Newcomers
3. Adapting/Creating Inclusive Learning Spaces

### Why has the Guide been created?

- It forms one of the three new innovative framework of tools and resources being developed for the Enabling Young Refugee Entrepreneurs programme.

### How was the Guide created?

- Through consultation and collaboration with programme partners and experts based across the EU, who have on-the-ground experience with refugees.
- The combined research presents 22 of the most innovative and inclusive practices.

### What is the goal of the Enabling Young Refugee Entrepreneurs programme?

- To improve access and quality of entrepreneurship education for young refugees, help them fulfil their potential and achieve meaningful integration through entrepreneurship.
