**Kiel, December 1, 2023** - In order to raise awareness of the gender pay gap in the labor market, the Erasmus+ project "Equal Pay For All" is developing measures to promote the empowerment of young and adult women.

**KulturLife gGmbH** is coordinating the project, which starts on December 1, 2023 and is co-funded by the European Commission as an Cooperation Partnership in the Youth strand of the Erasmus+ program.

Women are still often paid less than their male colleagues. Men are also promoted more often on average. Despite many efforts to close the gender pay gap, it remains a problem that seems to be deeply rooted in society and that women encounter on a daily basis.

"**Equal Pay For All**" addresses these issues and creates awareness to sensitize women as well as social workers, youth and women's associations, educational associations and stakeholders. The project includes activities such as a webinar series, a platform for exchange and campaigns. The project results will be made publicly available. Awareness of this issue must be raised in order to promote a just society. The starting point for change could lie with young people and the next generations.
